

to make an examination (see § 10.502). This is called a referee examination. OWCP will select a physician who is qualified in the appropriate specialty and who has had no prior connection with the case. The employee is not entitled to have anyone present at the examination unless OWCP decides that exceptional circumstances exist. For example, where a hearing-impaired employee needs an interpreter, the presence of an interpreter would be allowed. Also, a case file may be sent for referee medical review where there is no need for an actual examination, or where the employee is deceased.

§ 10.322 Who pays for second opinion and referee examinations?

OWCP will pay second opinion and referee medical specialists directly. OWCP will reimburse the employee all necessary and reasonable expenses incident to such an examination, including transportation costs and actual wages lost for the time needed to submit to an examination required by OWCP.

§ 10.323 What are the penalties for failing to report for or obstructing a second opinion or referee examination?

If an employee refuses to submit to or in any way obstructs an examination required by OWCP, his or her right to compensation under the FECA is suspended until such refusal or obstruction stops. The action of the employee's representative is considered to be the action of the employee for purposes of this section. The employee will forfeit compensation otherwise paid or payable under the FECA for the period of the refusal or obstruction, and any compensation already paid for that period will be declared an overpayment and will be subject to recovery pursuant to 5 U.S.C. 8129.

§ 10.324 May an employer require an employee to undergo a physical examination in connection with a work-related injury?

The employer may have authority independent of the FECA to require the employee to undergo a medical examination to determine whether he or she meets the medical requirements of the position held or can perform the duties of that position. Nothing in the FECA

or in this part affects such authority. However, no agency-required examination or related activity shall interfere with the employee's initial choice of physician or the provision of any authorized examination or treatment, including the issuance of Form CA-16.

MEDICAL REPORTS

§ 10.330 What are the requirements for medical reports?

In all cases reported to OWCP, a medical report from the attending physician is required. This report should include:

- (j) The extent of disability affecting the employee's ability to work due to the injury;
- (k) The prognosis for recovery; and
- (l) All other material findings.

§ 10.331 How and when should the medical report be submitted?

(a) Form CA-16 may be used for the initial medical report, while Form CA-20 may be used for the initial report and for subsequent reports, including where continued compensation is claimed. Use of medical report forms is not required, however. The report may also be made in narrative form on the physician's letterhead stationery. The report should bear the physician's signature or signature stamp. OWCP may require an original signature on the report.

(b) The report shall be submitted directly to OWCP as soon as possible after medical examination or treatment is received, either by the employee or the physician. (See also § 10.210.) The employer may request a
